

University of Poona

M.Sc. (Partly by Papers and Partly by Research)

(Duration : Four Years)

No candidate shall be admitted to the M.Sc. (Partly by papers and partly by research) of this University unless he has passed the B.Sc. degree examination of this University or equivalent degree examination of any other Statutory University, in a subject which he had offered at the B.Sc. examination at the principal level. Candidate seeking admission to the course must be an employee of the Research Institute recognised by this University and must be engaged in the research in the subject to be offered for this course under a recognised guide from the same institution. However, a candidate may be permitted to work under a recognised guide in another institution, if the subject offered by him makes him/her necessary to do so.

[Note :—The Director / Head of the Institution/Department shall certify that the applicant is in regular full-time paid service and shall remain in the service till he/she completes his/her thesis.

Casual research worker/stipend holder/scholarship or fellowship holder shall not be treated as an employee for the purpose.]

A candidate passing the B.Sc. degree examination of this University or any other examination recognised as equivalent to the B.Sc. degree examination of this University and is employed as a teacher in a school within the jurisdiction of the Poona University, shall be allowed to register his/her name for the course, provided he/she finds admission in any laboratory recognised by this University.

A candidate shall register his/her name for the course at the beginning of each semester—either in June or in November.

A candidate registered for the course shall offer 4 papers prescribed for the M.Sc. (Partly by papers and partly by research) course.

A candidate registered for the course shall be exempted from regular attendance and keeping of terms at the University. He/she shall, however, appear at the relevant University department for an oral examination carrying 25 marks in each paper offered by the candidate, in lieu of 25 marks assigned for the term work in each paper for regular candidates.

[Note :—Candidates registered for the course may attend the lectures for the M.Sc. students (by papers) subject to the condition that they shall pay half the fee prescribed for the course of study for which they attend the lectures, irrespective of the number of papers or the period of time for which they attend the lectures provided there is accommodation for admission of such students.

A candidate for the course shall be allowed to appear for one paper only after completing one semester. A candidate shall clear all the 4 papers at the end of the IVth semester within a period of 2 years only.

A candidate shall work under a recognised guide from the institution where he/she is employed and is engaged in the research work.

A candidate shall write a thesis on a subject prescribed by the guide with the approval of the Head of the University Department in the relevant subject. The material to be included in the thesis should be the work done by the candidate under the guidance of research guide, during the course of two years.

A guide shall certify that the material included in the thesis is the work done by the student during the course of 4 terms kept by the student and that the material has not been published by the student before the date of his registration.

A candidate shall submit the thesis only after passing in 4 papers and after completion of 4 semesters.

A candidate shall submit the synopsis within a period of six months after passing in 4 papers. He/she shall submit the synopsis and thesis within a maximum period of two years after passing in 4 papers.

No candidate shall be allowed to submit the thesis after a period of two years from passing in 4 papers unless extension is granted for submitting the thesis by the Head of the Department in relevant subject.

The Head of the University Department may allow extension for submission of the thesis for a maximum period of two years. If no such extension is granted, registration of candidates not submitting the thesis within a period of two years shall be automatically cancelled. Such a candidate shall register himself/herself for the course afresh,

A candidate shall submit 4 copies of thesis.

Following shall be the papers prescribed for the M.Sc. (Partly by papers and partly by research). The syllabi shall be as prescribed for the M.Sc. (by Papers).

(1) *Theory Courses* : The examination will be conducted by the University authorities.

(2) *Departmental Courses* : For which the examination will be conducted by the Departmental authorities.

A candidate shall select Departmental Courses taught in the Department.
