Feedback Action Taken Report
(Academic Year 2016-17)

The School used to collect feedback on curriculum aspects and courses from different stakeholders such as Students, Alumni, Parents, Employers, and Teachers. After performing feedback analysis and considering valuable suggestions necessary actions were implemented.

Feedbacks received in Year 2016-17 from following stakeholders along with action taken:

Stakeholders	No. of Feedback Received	Remarks	Action Taken
Students	298	<ul style="list-style-type: none">• Courses on Machine Learning, data ware housing & mining and natural language processing should be taught.• Industrial training should be incorporated in M.Sc. (CS) and M.Sc. (IT) syllabi.• Wi-fi facility should be given 24x7 in the School and hostels.	<ul style="list-style-type: none">• The course content for the subjects Machine Learning and NLP is prepared and planned to add in the next revision of curriculum along with training to CS and IT students• IQAC section of the University has been informed about need of Wi-Fi
Alumni	11	<ul style="list-style-type: none">• Courses on data analytics and new technologies should be arranged.• Project should be given in regular curricula.• Courses such as Python, Ruby, Advance JAVA should be included in syllabi.	<ul style="list-style-type: none">• In faculty meeting, it is planned to organize more extra-curricular activities to widen the participation of students in the School
Parents	31	<ul style="list-style-type: none">• Transportation on campus• Skill development should be focused• Hostel capacity for girls is less as compare to admitted girls• Motivate students to participate in extracurricular activities	<ul style="list-style-type: none">• Transportation and Hostel capacity need are informed to IQAC section of the University• Along with the regular counselling for participation in the extra-curricular activities, such activities are planned to be conducted in the School
Employer	02	<ul style="list-style-type: none">• Soft skill development programs need to be arranged for improvement of communication skills.• Organize hands on training programs to improve programming.	<ul style="list-style-type: none">• Soft skill development courses and training programs are planned to be added in the curriculum.
Teachers	15	<ul style="list-style-type: none">• Open-source related courses should be introduced to the students.	<ul style="list-style-type: none">• Academic committee is informed to add Linux administration-based theory and practical course in the coming syllabi revision.

**Feedback Action Taken Report
(Academic Year 2017-18)**

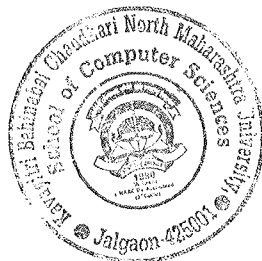

The School used to collect feedback on curriculum aspects and courses from different stakeholders such as Students, Alumni, Parents, Employers, and Teachers. After performing feedback analysis and considering valuable suggestions necessary actions were implemented.

Feedbacks received in Year 2017-18 from following stakeholders along with action taken:

Stakeholders	No. of Feedback Received	Remarks	Action Taken
Students	307	<ul style="list-style-type: none"> Self-paced courses on technologies can increase knowledge on current trends in the market. Other than regular curricula workshops or activities should be carried out to improve programming ability and critical thinking. Transportation facility from city to university should be improved. 	<ul style="list-style-type: none"> As per the current need of the industry, a course on current computing trends is provided in the curriculum. Along with that students are facilitated for the participation in online courses from Spoken Tutorial, IIT Mumbai in the form of Audit Courses. Student Activity named "PACE" is planned to be conducted. Transportation need is informed to IQAC section of the University
Alumni	11	<ul style="list-style-type: none"> Practical knowledge should be improved by arranging lectures by industry experts. Courses like Cyber security, cloud services software's should be arranged. 	<ul style="list-style-type: none"> In the activity "PACE" industry expert's session are planned to conduct Course on Cloud Computing is added in the curriculum Certificate course on Cyber Security is planned to conduct
Parents	22	<ul style="list-style-type: none"> Internal transport from hostel to schools should be provided Clean drinking water facility should be provided in school More buses should be arranged for transport from city to university. 	<ul style="list-style-type: none"> Transportation need is informed to IQAC section of the University Water purifier has been re-installed and maintained in the 1st floor of the School
Employer	01	<ul style="list-style-type: none"> Build strong alumni network. New skill-based Courses as per current trends in the IT industry should be added to the curricula. 	<ul style="list-style-type: none"> Teachers are motivated to connect to more alumni It has been surveyed to acquaint with the knowledge about skill-based course referring with the other reputed institutes and alumni

Stakeholders	No. of Feedback Received	Remarks	Action Taken
Teachers	15	<ul style="list-style-type: none"> • State of art IDE should be used for development. • Need to include some elective papers in the syllabus. • Curricula needs to change with the inclusion of new technologies. 	<ul style="list-style-type: none"> • In the faculty meeting, it is asked to all teachers who are mentoring practical courses based on programming subjects to teach the course with the use of IDE and also asked to technical assistant to update the laboratory with the required softwares. • As per the current need of the industry, a course on current computing trends is provided in the curriculum.

**Feedback Action Taken Report
(Academic Year 2019-20)**

The School used to collect feedback on curriculum aspects and courses from different stakeholders such as Students, Alumni, Parents, Employers, and Teachers. After performing feedback analysis and considering valuable suggestions necessary actions were implemented.

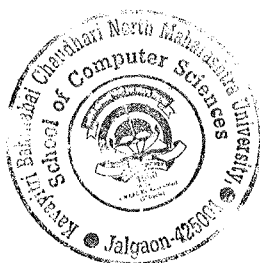

Feedbacks received in Year 2019-20 from following stakeholders along with action taken:

Stakeholders	No. of Feedback Received	Remarks	Action Taken
Students	327	<ul style="list-style-type: none"> Platform for performing other activities like sports in the form of competition. Difficulties in performing practical on older machines 	<ul style="list-style-type: none"> In the student's activity Manthan, one day competition on different sports such as box cricket, chess, online games Two labs are set up with advanced new machines.
Alumni	20	<ul style="list-style-type: none"> Open-source training programs should be arranged. Leadership and communication skills should be focused 	<ul style="list-style-type: none"> The student level project "PACE" gives opportunities for enriching students leadership and communication skill activities. Also, industry persons are involved to conduct training programs on open-source software
Parents	40	<ul style="list-style-type: none"> Internal roads need maintenance for better transport Care concerning Girl's security 	<ul style="list-style-type: none"> IQAC section of the University is informed about internal roads maintenance and Girls student's security.
Employer	05	<ul style="list-style-type: none"> Need to provide more focus on core fundamental concepts. Need to motivate students for participation in paper presentations and quiz competition. 	<ul style="list-style-type: none"> In the faculty meeting, is directed and discussed with all teachers of the School about improving fundamental concepts of students and also their participation in workshops / conferences / competitions.
Teachers	16	<ul style="list-style-type: none"> Extra-curricular activities should be incorporated. Industry linkage should be developed. 	<ul style="list-style-type: none"> Student level activities like Manthan and PACE are planned to organize in the way so that students will get platform to perform extra-curricular activities. In the faculty meeting, faculties are motivated to put efforts on increasing fruitful contacts with alumni working in well-established companies / institutes so that industry linkage will get developed.
